PROJECT NAME	Smart farmer - IOT enabled smart farming application
MAXIMUM MARKS	4 Marks

Data Flow Diagram:

The classic visual depiction of how information moves through a system is a data flow diagram (DFD). A tidy and understandable DFD may visually represent the appropriate quantity of the system demand. It demonstrates how information enters and exits the system, what modifies the data, and where information is kept.

1. Get the inputs from different sensors such as Moisture Sensor, Humidity Sensor, Temperature Sensor.
Data from the sensors are given as inputs to the microcontroller - Arduino or Raspberry Pi
2. Data are feed into the cloud storage using wi-fi module.
3. MQTT-Message Queuing Telemetry Transport Protocol is used to order data in FIFO fashion.
4. App is Used to create our own to IOT software according to our specifications where we can able to monitor and control the device.

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (Mobile user)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	I can access my account / dashboard	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1
		USN-3	As a user, I can register for the application through G-mail	I can receive confirmation email & click confirm to login	Medium	Sprint-1
	Login	USN-4	As a user, I can log into the application by entering email & password		High	Sprint-1
User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release

		USN-5	If I forgot my password or username, I can reset it again through my email	I can receive reset Mail to the registered Email Id	High	Sprint-2
Customer (Web user)	Registration	USN-6	As a user, I can register by entering my email, password, and confirming my password	I can access my account / dashboard	High	Sprint-2
		USN-7	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-2
		USN-8	As a user, I can register for the application through G-mail	I can receive confirmation email & click confirm to login	Medium	Sprint-2
	Login	USN-9	As a user, I can log into the application by entering email & password		High	Sprint-2
		USN-10	If I forgot my password or username, I can reset it again through my email	I can receive reset Mail to the registered Email Id	High	Sprint-3

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer Care Executive	Help	USN-11	If I have any doubt in using application or web, I can clarify it by clicking Help option in the dashboard.		High	Sprint-3
Administrator	Feedback	USN-12	I Can give my feedback about the application and I can post my queries.	I can receive acknowledgment	Low	Sprint-4
